-------------------	---------------

COUNTY OF MENDOCINO
DEPARTMENT OF TRANSPORTATION
AGREEMENT FOR PROFESSIONAL SERVICES

EXHIBIT “A”

SCOPE OF SERVICES

SEMI-ANNUAL PROFESSIONAL SURVEYING SERVICES
FOR VARIOUS COUNTY PROJECTS

I. GENERAL DESCRIPTION OF PROJECT

The general scope of work is to provide Professional Land Surveyor support (field and office work) on an as-required basis. The work covered by this Agreement is to augment the surveying capability of COUNTY’s in-house staff.

The survey data shall be provided in a format suitable for importing into the Autodesk Civil 3D version currently being used by the COUNTY. Work under this Agreement shall typically consist of a combination of site surveying and office survey research for various COUNTY projects for a period of approximately two years. This Agreement requires payment to CONSULTANT’s employees for field surveying at prevailing wage rates or Davis-Bacon wage rates (as applicable where law or funding sources require), since State and Federal funds are to be used for COUNTY’s projects. It is envisioned that work under this Agreement will involve performance of numerous small surveying projects, including several bridge replacement projects, each one typically requiring some ten to twenty person-days for completion.

This Agreement is not intended to exclusively reserve for CONSULTANT all the “outside agency” surveying work that COUNTY may need to have performed during the life of the Agreement. Should the requirement arise for a major amount of surveying (say) on a large, stand-alone project, COUNTY may elect to enter into a separate professional services agreement (perhaps with a different consultant) for such work. It is projected that the work to be assigned under this Agreement could amount to some 300 person-days of effort or more over the Agreement’s duration.

II. SERVICES TO BE PROVIDED BY SURVEYOR

- (A) COUNTY shall issue a work order for each project to be assigned to CONSULTANT. Promptly after reviewing the work order, CONSULTANT shall schedule with COUNTY a joint visit to the project site to clarify, modify and/or refine the tasks to be completed by CONSULTANT. Generally, several project sites will be visited in one trip for time efficiency if in the same areas of the county. CONSULTANT shall document

conclusions reached during the site visit(s) and return the (updated/modified) work order to COUNTY, indicating proposed cost for performing the project tasks and the proposed schedule for completing the work. COUNTY shall then review CONSULTANT's information and proceed with brief discussions and negotiations to arrive at a fair and reasonable price and schedule for the work order tasks. Should the parties be unable to reach concurrence on the price and/or time for doing the work, COUNTY may immediately terminate negotiations, cancel the applicable work order and proceed with accomplishing the work through other procedures/agents. If both parties are able to agree on the price and schedule for the surveying project tasks, the applicable work order shall be signed and dated by each party and the fully executed work order shall then be issued to CONSULTANT. It is emphasized that time is of the essence for work performed under this Agreement and CONSULTANT shall complete assigned projects not more than thirty calendar days after issuance of the fully executed work order.

- (B) The following is a list of potential items that may be needed on a particular road design project. CONSULTANT will provide boundary, topo, and base map for site design. There will be an unknown number of bridge replacement sites among other surveying to be completed. CONSULTANT may be tasked with obtaining and providing to COUNTY accurate and complete survey data on:
- Property corners and monuments so that the monuments can be replaced after construction and to locate property lines for acquisitions
 - Beginning and ending stations and elevations for all curbs, gutters, flow lines, storm drains, drop inlets, culverts, fences, guard rails, edges of traveled way and other linear features, with intermediate shots as required
 - All manholes, water valves, utility pad mounted boxes and transformers, fire hydrants, power poles, parking lot corners, overhead lights and signs, trees (with diameter noted if greater than 4"), drop inlets, building corners and other features or obstacles that might affect the road project design.
 - For all driveways — driveway centerline stations, widths, elevations for top and flow lines and sufficient elevations near each driveway to allow for proper design of approaches
 - Road centerlines, edges of pavement and flow lines.
 - Bridge centerlines, corners and other important points

Survey elevations shall be based upon the nearest USGS benchmark or other agreed upon datum for the particular work order. If CONSULTANT has the capability to establish benchmarks through Global Positioning System procedures, use of NAD 83 horizontal datum and basis of bearings and NAVD 88 vertical datum shall apply. All survey data is to be capable of being downloaded into COUNTY's current Autodesk Civil 3D program.

- (C) CONSULTANT may be required to provide a drawing at 40 scale (created as a project in Autodesk Civil 3-D) showing all existing features — as listed above — including all property monuments that define the road right of way. The drawing shall show the site survey of the road with accurate locations of existing rights of way, researched and plotted on the drawing.

DOT Agreement No.	<u>110075</u>
-------------------	---------------

- (D) The features listed above in Items (B) and (C) are typical aspects envisioned to be addressed in the work orders under this Agreement and are provided as examples, only. Each project work order issued under this Agreement will be unique and have its individual requirements.
- (E) In addition to surveys for project designs, COUNTY may request surveys to determine the accurate locations of rights of way and boundary lines concerning projects for road improvement activities and for right of way acquisition. COUNTY may also task CONSULTANT with: completion of legal descriptions for property acquisition, completion of records of surveys, assistance in preparation of road cross sections for small projects, preparation of right of way plats, and other surveying support for individual project needs.
- (F) Basically, all work performed by CONSULTANT is to be on a time and material basis, with a “not to exceed” amount being applied. The appropriate not to exceed amount shall be determined jointly by COUNTY and CONSULTANT prior to each fully-executed work order being issued to CONSULTANT.
- (G) After completion of each survey project, if COUNTY requests additional work, payment shall be at CONSULTANT’s standard hourly rates, as shown by Exhibit “B.”
- (H) All points (for assigned surveys) shall be provided to COUNTY in electronic format acceptable to COUNTY, for instance the Point Number, Northing, Easting, Elevation and Raw Description (PNEZD comma delineated) format.
- (I) All surveys must be completed to the satisfaction of the County, State, and FHWA where applicable. CONSULTANT will document the results of this work.

III. SERVICES TO BE PROVIDED BY COUNTY

- (A) COUNTY shall furnish CONSULTANT with the design concept for each assigned project.
- (B) COUNTY shall issue an appropriate work order for each project to be assigned to CONSULTANT. COUNTY shall exercise due care in relaying project requirements to CONSULTANT and shall responsively participate in the work order process defined in Section II (above).
- (C) COUNTY shall allow CONSULTANT to review all public-accessible data and information (in its Department of Transportation files) that relate to the tasking assigned by each work order.

DISADVANTAGED BUSINESS ENTERPRISE INFORMATION

COUNTY of MENDOCINO DEPARTMENT of TRANSPORTATION
AGREEMENT for
SEMI-ANNUAL PROFESSIONAL SURVEYING SERVICES
FOR VARIOUS COUNTY PROJECTS

**EXHIBIT 10-I: NOTICE TO PROPOSERS DISADVANTAGED BUSINESS
ENTERPRISE INFORMATION**

The Agency has not established an Underutilized goal for this Agreement. However, proposers are encouraged to obtain DBE participation for this Agreement.

1. TERMS AS USED IN THIS DOCUMENT

- The term “Disadvantaged Business Enterprise” or “DBE” means a for-profit small business concern owned and controlled by a socially and economically disadvantaged person(s) as defined in Title 49, Part 26.5, Code of Federal Regulations (CFR).
- The term “Underutilized Disadvantaged Business Enterprise” or “UDBE.” DBE classes that have been determined in the 2007 Caltrans Disparity Study to have a statistically significant disparity in their utilization in previously awarded transportation contracts. UDBEs include: African Americans, Native Americans, Asian-Pacific Americans, and Women.
- The term “Agreement” also means “Contract.”
- Agency also means the local entity entering into this contract with the Contractor or Consultant.
- The term “Small Business” or “SB” is as defined in 49 CFR 26.65.

2. AUTHORITY AND RESPONSIBILITY

- A. DBEs and other small businesses are strongly encouraged to participate in the performance of Agreements financed in whole or in part with federal funds (See 49 CFR 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”). The Contractor should ensure that DBEs and other small businesses have the opportunity to participate in the

- B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

3. SUBMISSION OF UDBE AND DBE INFORMATION

If there is a UDBE goal on the contract, a “Local Agency Proposer UDBE Commitment (Consultant Contract)” (Exhibit 10-O1) form shall be included in the Request for Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. Only UDBE participation will be counted towards the contract goal; however, all DBE participation shall be collected and reported.

A “Local Agency Proposer DBE (Consultant Contracts)” (Exhibit 10-O2) form shall be included with the Request for Proposal. The purpose of the form is to collect data required under 49 CFR 26. For all contracts with UDBE goals, this form collects DBE participation by DBEs owned by Hispanic American and Subcontinent Asian American males (persons whose origin are from India, Pakistan, Bangladesh, Bhutan, Maldives Islands, Nepal or Sri Lanka). For contracts with no goals, this form collects information on all DBEs, including UDBEs. Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer’s responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department’s DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).
- B. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- C. A UDBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:
 - 1. The proposer is a UDBE and will meet the goal by performing work with its own forces.

2. The proposer will meet the goal through work performed by UDBE subcontractors, suppliers or trucking companies.
 3. The proposer, prior to proposing, made adequate good faith effort to meet the goal.
- D. A DBE joint-venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- E. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- F. The proposer shall list only one subcontractor for each portion of work as defined in their proposal and all DBE subcontractors should be listed in the bid/cost proposal list of subcontractors.
- G. A prime contractor who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

5. RESOURCES

 - Click on Access to the DBE Query Form located on the first line in the center of the page
 - Searches can be performed by one or more criteria
 - Follow instructions on the screen

C. How to Obtain a List of Certified DBEs without Internet Access

D. DBE Directory: If you do not have Internet access, Caltrans also publishes a directory of certified DBE firms extracted from the online database. A copy of the directory of certified DBEs may be ordered at: <http://caltrans-opac.ca.gov/publicat.htm>

6. MATERIALS OR SUPPLIES PURCHASED FROM DBES COUNT TOWARDS DBE CREDIT, AND IF A DBE IS ALSO A UDBE, PURCHASES WILL COUNT TOWARDS THE UDBE GOAL UNDER THE FOLLOWING CONDITIONS:

- A. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies. A DBE manufacturer is a firm that operates or maintains a factory, or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.
- B. If the materials or supplies purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.
- C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be, by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.
- D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

7. FOR DBE TRUCKING COMPANIES: CREDIT FOR DBES WILL COUNT TOWARDS DBE CREDIT, AND IF A DBE IS A UDBE, CREDIT WILL COUNT TOWARDS THE UDBE GOAL UNDER THE FOLLOWING CONDITIONS:

- A. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular Agreement, and there cannot be a contrived arrangement for the purpose of meeting the UDBE goal.
- B. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the Agreement.
- C. The DBE receives credit for the total value of the transportation services it provides on the Agreement using trucks it owns, insures, and operates using drivers it employs.
- D. The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. A DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Agreement.
- E. The DBE may also lease trucks from a non-DBE firm, including an owner-operator. A DBE who leases trucks from a non-DBE is entitled to credit only for the fee or commission it receives as a result of the lease arrangement. A DBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by the DBE.
- F. For the purposes of this Section D, a lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

EXHIBIT 10-J: STANDARD AGREEMENT FOR SUBCONTRACTOR/DBE PARTICIPATION

1. Subcontractors

- A. Nothing contained in this Agreement or otherwise, shall create any contractual relation between the Agency and any subcontractors, and no subcontract shall relieve the Contractor of his/her responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the Agency for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the Agency's obligation to make payments to the Contractor.
- B. Any subcontract in excess of \$25,000, entered into as a result of this Agreement, shall contain all the provisions stipulated in this Agreement to be applicable to subcontractors.
- C. Contractor shall pay its subcontractors within ten (10) calendar days from receipt of each payment made to the Contractor by the Agency.
- D. Any substitution of subcontractors must be approved in writing by the Agency's Contract Manager in advance of assigning work to a substitute subcontractor.

2. Disadvantaged Business Enterprise (DBE) Participation

- A. This Agreement is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Proposers who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- B. If the contract has an underutilized DBE (UDBE) goal, the Consultant must meet the UDBE goal by committing UDBE participation or document a good faith effort to meet the goal. If a UDBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another UDBE subconsultant, if the goal is not otherwise met. A UDBE is a firm meeting the definition of a DBE as specified in 49 CFR and is one of the following groups: African Americans, Native Americans, Asian-Pacific Americans, or Women.

- C. DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, sub-recipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT – assisted agreements. Failure by the Consultant to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the recipient deems appropriate.
- D. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

3. Performance of DBE Consultants and other DBE Subconsultants/Suppliers

- A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing; and other relevant factors.
- B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

4. Prompt Payment of Funds Withheld to Subcontractors

- A. The Agency shall hold retainage from the prime consultant and shall make prompt and regular incremental acceptances of portions, as determined by the

- B. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

5. DBE Records

- A. The Consultant shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First Tier Subcontractors" CEM-2402F (Exhibit 17-F, Chapter 17, of the LAPM), certified correct by the Consultant or the Consultant's authorized representative and shall be furnished to the Contract Manager with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in 25% of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to the Consultant when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE), First Tier Subcontractors" is submitted to the Contract Manager.
 - 1) Prior to the fifteenth of each month, the Contractor shall submit documentation to the Agency's Contract Manager showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Agency's Contract Manager showing the amount paid

- 2) The Consultant shall also submit to the Agency's Contract Manager documentation showing the truck number, name of owner, California Highway Patrol CA number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification", CEM-2404(F) form provided to the Contractor by the Agency's Contract Manager.

6. DBE Certification and Decertification Status

If a DBE subconsultant is decertified during the life of the Agreement, the decertified subconsultant shall notify the Consultant in writing with the date of de-certification. If a subconsultant becomes a certified DBE during the life of the Agreement, the subconsultant shall notify the Consultant in writing with the date of certification. Any changes should be reported to the Agency's Contract Manager within 30 days.

Materials or supplies purchased from DBEs will count towards DBE credit, and if a DBE is also a UDBE, purchases will count towards the UDBE goal under the following conditions:

- A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.
- B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

- C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.
- D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

For DBE trucking companies: credit for DBEs will count towards DBE credit, and if a DBE is also a UDBE, credit will count towards the UDBE goal under the following conditions:

- A. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible.
- B. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the Agreement.
- C. The DBE receives credit for the total value of the transportation services it provides on the Agreement using trucks it owns, insures, and operates using drivers it employs.
- D. The DBE may lease trucks from another DBE firm including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Agreement.
- E. The DBE may also lease trucks from a non-DBE firm, including an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit only for the fee or commission it receives as a result of the lease arrangement. The DBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by the DBE.
- F. For the purposes of this section, a lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.
